

Neighbourhood Small Grants Initiative

The Community Fund of North Kootenay Lake Society (CFNKLS) has \$500.00 available for small community building projects – typically with a budget of less than \$100.00. Any local organization or individual is eligible to apply for these funds at any time. Applications should be by letter giving a brief description of the project and stating what the funds will be used for. Applications received will be assessed at the CFNKLS monthly board meeting following their receipt and applicants will be contacted shortly afterward.

Examples of suitable projects might be the purchase of supplies for a neighbourhood clean-up event, or for an individual to offer a workshop to share a skill. Any community-building project will be considered.

A brief report, preferably with photos, will be required after the completion of the project, and may be used by CFNKLS for reporting or for publicity.

Application letters should be addressed to CFNKLS, PO Box 661, Kaslo, BC, V0G 1M0 for the attention of Catherine Whitehead.
